

ADOPTED 2007 BUDGET**DEPT:** TRANSIT/PARATRANSIT**UNIT NO.** 5600**FUND:** Enterprise - 0083**OPERATING AUTHORITY & PURPOSE**

The Department of Transportation and Public Works provides public transit services through the Milwaukee County Transit System. Direct management and operation of the transit system, including paratransit services, is provided by Milwaukee Transport Services, Inc., (MTS) a private nonprofit corporation under contract to the County. The corporation uses transit facilities and equipment owned and provided by Milwaukee County.

Paratransit operations include the provision of demand responsive transportation and orientation to transportation services. These services provide a

complement to the fixed-route services of MCTS and are available to those who are Americans with Disabilities Act (ADA) Paratransit eligible.

The Transportation Planning Division of the Department of Transportation and Public Works provides County oversight as well as conducts various transit related studies, and prepares and administers federal and state transit grants. Divisional personnel also facilitate the acquisition of capital equipment, and provide design and construction services for capital facilities.

MISSION

The Milwaukee County Transit/Paratransit System exists to provide reliable, convenient and safe public transportation services that efficiently and effectively meet the varied travel needs of the community and contribute to its quality of life.

DEPARTMENT DESCRIPTION

The *Transit Operations Program* includes all activities necessary for the efficient, day-to-day management and operation of the Milwaukee County Transit System, and the related Transit Plus paratransit service by Milwaukee Transport Services, Inc., a private nonprofit corporation under contract with Milwaukee County. The corporation employs a work force totaling approximately 1,250 employees who are assigned to three major functional classifications: Administration, Finance and Operations.

The *Transit Policy and Capital Acquisition* program is staffed by four positions in the Transportation Planning Division and is responsible for all studies related to transit planning, the replacement and acquisition of transit capital assets, and providing design and construction services for capital facilities. In addition, this division develops and submits grant applications and administers all approved state and federal grants.

BUDGET HIGHLIGHTS

Transit Operations

- The Governmental Accounting Standards Board (GASB) statement number 45 (GASB-45), issued in 2004, will become effective in 2007. This statement establishes standards for the measurement, recognition, and display of Other Post Employment Benefits (OPEB) expenditures and related liabilities. This OPEB cost is for post retirement health insurance and life insurance benefits for eligible employees. A requirement to accrue for the annual cost of OPEB earned by an employee during the year (normal cost) plus the amortization of past service costs earned by an employee prior to the effective date of the new governmental accounting standard begins in 2007. In order to comply with Wisconsin state statutes, proprietary fund departments must

follow governmental accounting rules and use accrual accounting. An amount of \$17,189,176 has been budgeted, which includes \$8,674,309 of expected post employment benefit payments associated with current retiree expenses for OPEB liability. The net OPEB increase of \$7,514,867 was partially mitigated by an OPEB reserve fund of \$1,000,000 established in 2006 and significant changes to medical insurance benefits provided to active employees and retirees when union contracts are negotiated in early 2007. Should MTS be unable to achieve any assumptions that were used to mitigate the OPEB expense, MTS will reduce expenses or achieve revenues elsewhere without increasing fares or reducing service in any way.

- Operating expenses are \$132,714,898 an increase of \$7,201,573 (5.7%) compared to the 2006 budget. This increase is primarily due to the accounting of Other Post Employment Benefits (OPEB) pursuant to GASB 45. The *net* OPEB liability for Transit for 2007 is \$7,514,867. The increases in operating expenses are mitigated by a lump-sum reduction of \$1,174,025.
- The 2007 Budget was developed with no increase in adult cash fares and no reduction of routes. Adult tickets and weekly passes increase from \$14.00 to \$16.00. This includes an increase in premium tickets from \$19 to \$21, an increase in special student passes from \$13.75 to \$15.00 (regular student passes and tickets are no longer available), and an increase in the Commuter Value Pass from \$155 to \$177. These changes result in a net revenue (passenger abatement) increase of \$3,269,668.
- Currently, the two positions of Managing Director and Deputy Director of Milwaukee Transport Services receive total direct compensation of approximately \$342,958. In 2007, this amount will be reduced by 10%. The total savings associated with this budget action is \$34,296.
- Transit passenger revenue (passenger abatement) is projected to be \$44,829,202, an increase of \$4,287,802 (10.6%). This is a function of a decrease in the discount rate for

DEPT: TRANSIT/PARATRANSIT

UNIT NO. 5600
FUND: Enterprise - 0083

passes and tickets, and stronger than budgeted ridership trends in 2006 continuing into 2007.

- Bus hours decrease by 2,079 (0.1%) from 1,421,650 to 1,419,571. Bus miles decrease by 246,107 (1.3%) from 19,201,894 to 18,955,787. These decreases are results of less Waukesha County service and less service provided relating to the Marquette Interchange Project.
- Diesel fuel is budgeted at \$2.35 per gallon for 2007, resulting in an increase of \$1,260,000 over the 2006 budget.

Paratransit Operations

- Total trips are estimated at 1,026,320, an increase of 37,024 (3.7%) compared to the 2006 budget. The increase is based on current paratransit ridership trends through April 2006.
- Purchased transportation expense is estimated at \$20,289,092, an increase of \$778,950 (4.0%) compared to the 2006 budget. Cost per paratransit ride is projected at \$19.77, an increase of 0.3 percent compared to the 2006 budget.
- Overall productivity for van service is projected to be 2.03 rides per hour in 2007, an increase of 3.1 percent compared to the 2006 budget.

Transit Policy and Capital Acquisition

- State operating assistance is estimated to be \$59,107,000, an increase of \$1,159,000 (2.0%) compared to the 2006 budget.
- State specialized transportation assistance is projected to increase \$184,763 (14.7%) to \$1,441,028.
- Federal formula funds used for transit operations (capitalized maintenance) will be \$18,300,000, a reduction of \$100,000 compared to the 2006 budget.
- Other state and federal funding to support Wisconsin Employment Transportation Assistance Program (WETAP)/Job Access programs are estimated to be \$628,000, a decrease of \$99,000 compared the 2006 budget. The 2007 budget includes funding to maintain current WETAP service and a WETAP grant for extension of Route 54 to United Migrant Opportunity Services (UMOS).
- The paratransit budget assumes the receipt of \$250,000 in federal "New Freedom" funds to cover a portion of the cost of service beyond $\frac{3}{4}$ of a mile of fixed-route service.
- Federal cost of contracting funds (FTA formula funds) in the amount of \$1,650,000 will be used for paratransit operations.

ACTIVITY & STATISTICAL SUMMARY			
	2005 Actual	2006 Budget	2007 Budget
